

# THE DRIVE FOR QUALITY

**Retail Catalogue for BBC Microcomputer  
Compatible Disk Drives, with Prices**

# Memories are priceless... Ours cost a lot less!

This catalogue shows the extensive range of BBC Microcomputer compatible disk drives available from Cumana, with prices.

All Cumana disk drives are fully

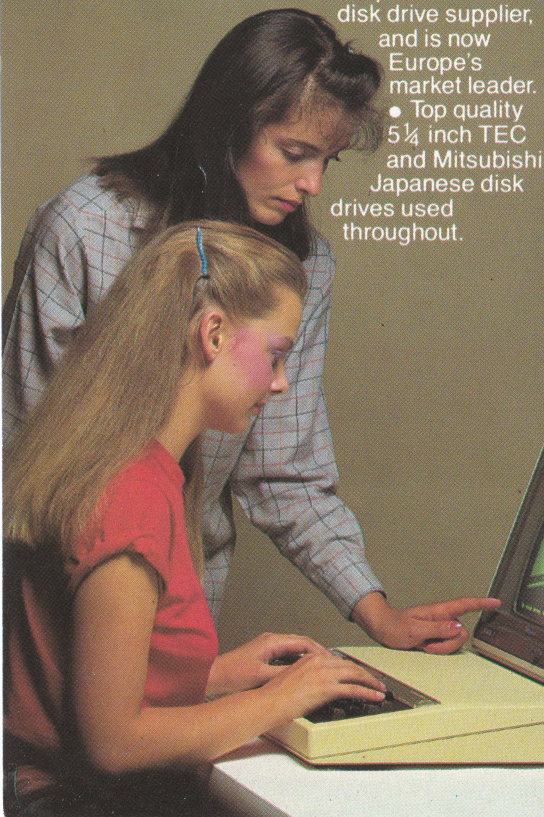

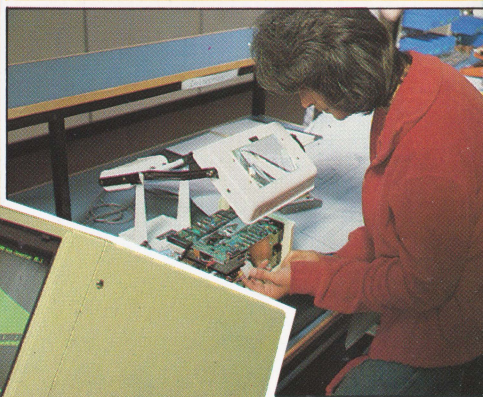

assembled and tested before packaging, have a 12 months warranty, and are finished in an attractive and hard wearing BBC beige cabinet.

- Cumana gives free technical training to all local authorities.
- Cumana disk drives are approved by the D.M.E.E. for electrical safety for use in G.L.C. and I.L.E.A. establishments.
- Single disk drives are tested by the Test Bureau, with reports available on request.
- Cumana was the first independent disk drive supplier, and is now Europe's market leader.
  - Top quality 5 1/4 inch TEC and Mitsubishi Japanese disk drives used throughout.

## Free Training

## Safety Proven

# CS RANGE

The Cumana Single 'CS' range of disk drives have an independent power supply, with mains lead and moulded plug. They are supplied with formatting diskette, 2-drive connecting cable and comprehensive user manual. Upgrading your system is simple, with Cumana's design enabling a second disk drive to be added without any modification to the BBC Microcomputer.

**CS100** Single 40 Track  
single sided

**£169**

**CS200** Single 80 Track  
single sided

**£209**

**CD800/S** Dual 80/40

Switchable double sided

**£499**

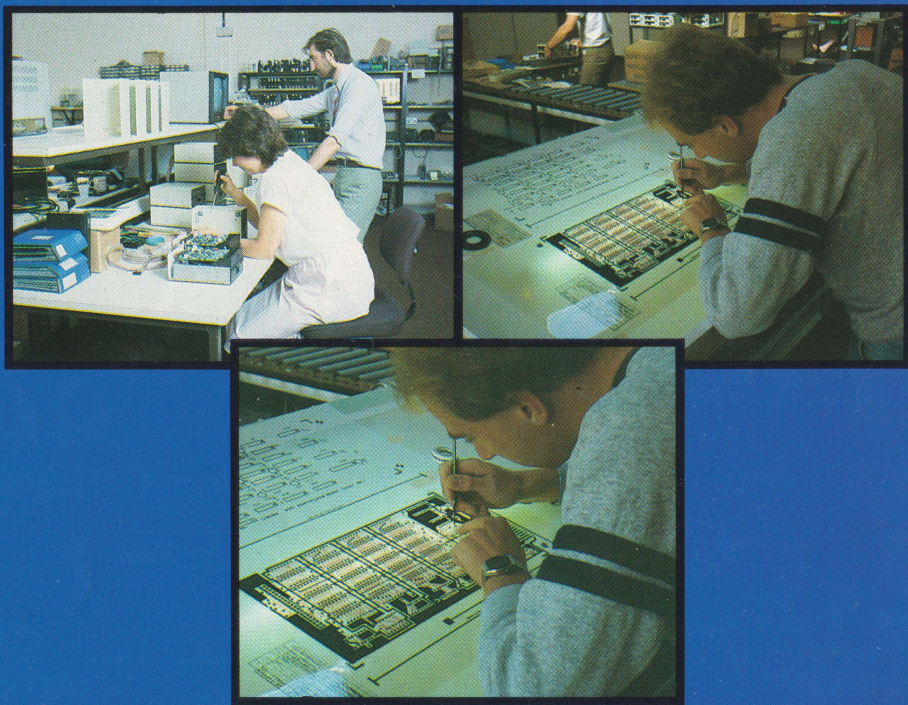

In the rapidly expanding world of computer peripheral equipment there is one name which continually leads the field – Cumana.

Quality is our standard. Whether it is the best Japanese components used in our top quality designs, the rigorous training which all staff receive, or the unsurpassed

technical service we offer, everything must be of the highest standard.

We are the market leaders and intend to stay there. So, when others disappear you can be sure that Cumana will still be offering top quality products at unbeatable value for money prices.
